INTRODUCTION

Welcome to AESS, the heart of Australia's clothing manufacturing. We offer cutting-edge services like screen printing, sublimation, and embroidery under one roof. A proud part of the Sports Centre family, alongside B&C Textiles and others, we boast the largest production capacity in Australia, making 2,200 garments daily. Our skilled team ensures quality and innovation in every piece.

We specialise in serving schools, corporate entities, and recreational organisations, promising unmatched quality and satisfaction—partner with us for excellence in every thread and design.

Let's create something remarkable together!

Adam Knight
General Manager

ONLINE CAPABILITY

AESS has paved the way by making industry-leading in-roads in digital and online capabilities – being a pioneer in online ordering.

What does going online mean to you?

- 24/7 access.
- PW Protected store.
- Customers can place their orders anytime, anywhere.
- Dedicated, full-time customer service team to answer any enquiries.
- Stock will be manufactured, managed, and posted to the online customer.
- All relevant graphics and product sizing information will be displayed for ease of purchase.
- Flexible pick-up options for local purchasers.
- Afterpay.
- Rebates.
- $0 set-up fee!

Our digital team will manage your online store with the support of your account manager and other essential operational staff. Frequent monitoring and maintenance of the webstore is performed regularly to ensure the ongoing success of your online stores. Our marketing team at AESS will provide promotional material on request to assist with promoting your online store. These include, but are not limited to:

- Social Media channels
- eDMs
- Print Media
- Flyers
- Order Forms

Here at AESS, we ensure that each step during this process is completed with ease and transparency. Our Digital team is committed to assisting those who may experience any issues during the ordering process or whenever needed.

DESIGN DETAILS

SLEEVE DESIGN
Get creative and include embroidery or printing down your sleeve, eg. Names, Seniors, Numbers, Years.

SLEEVE ELEMENTS
Unify your design with Panels, Stripes, and Piping to display your brand colours.

LOGO DESIGNS
Showcase your School Name, Logo or Design front and centre with embroidery or print.

BACK DESIGNS
Create a memento students can treasure with Name Lists, Images, anything you can imagine.

NAMES
Include full or Individual Names/Nicknames for the top or bottom to personalise the garment.

PLACEMENT
Make sure your logo looks professional and stands out on any type of garment with embroidery and print options for the chest, collar, wherever you'd like!

TRIMMING
Custom knitted striped trimming on the band, cuffs, or collar for a bold look.

POCKETS AND PANELS
Get colourful with your garment by adding your brand colours to the pockets and/or panels for that personal touch.

DESIGN OPTIONS ARE ENDLESS!

Our extensive range of garment options and decoration services, allows full customisation and personalisation.

DECORATION

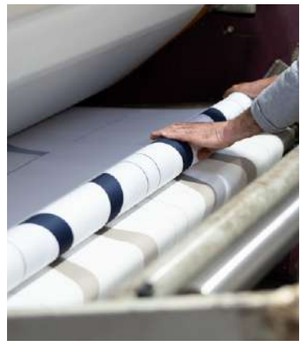
Custom Made Apparel made easy with our in-house decoration and manufacturing capacity. With the latest technology and machinery, AESS can manufacture garments locally that exceed expectations.

EMBROIDERY

We provide custom embroidery on all types of garments with design-based logo decoration services on staff uniforms, team wear, workwear, Hi-Vis clothing, corporate wear, shirts, jackets, and more.

SCREEN PRINT

The process involves pushing ink through a woven mesh silk screen stencil onto fabric. We have a high-quality screen printing technology to produce small to very large quantities.



SUBLIMATION

Sublimation is the technique of transferring a special dye onto a polyester fabric. Dye is produced by printing sublimation ink onto transfer paper, and then heat pressing it on to the product.

DIRECT TO FILM

DTF prints have excellent colour accuracy and detail, are durable, and look fantastic. Other DTF printing benefits include low production costs, a wide range of colour options, and the ability to print on dark and light garments. It's also suitable for polyester, cotton, nylon, and fleece materials.
